The Foundation supports patient and clinician educational, research, and community outreach activities that enhance and support the initiatives of the National Lipid Association in its efforts to reduce cardiovascular events and deaths related to abnormalities of cholesterol metabolism.
The Foundation of the National Lipid Association achieves its mission through raising funds to support patients, their families, and clinicians affected by dyslipidemia. It is through the donations of individuals and corporate support provided by partners in the pharmaceutical industry that the Foundation achieves its goals. Your continued support allowed the Foundation to pursue or continue the following initiatives in 2016:

**RADAR: Rare Disease Awareness Campaign**

The focus campaign in 2016 was RADAR, the RAre Disease AwaReNess campaign, aimed at providing resources and tools to patients and providers facing rare lipid disorders, including familial chylomicronemia syndrome (FCS), lysosomal acid lipase deficiency, lipodystrophy, heterozygous familial hypercholesterolemia (HeFH), and homozygous familial hypercholesterolemia (HoFH). The resources, which help identify rare disorders and treatment options, include tear sheets, external links, and a cookbook particularly developed to meet the dietary needs of the FCS patient. I would like to thank the members of the NLA nutrition task force for their support in testing the cookbook recipes. The resources provided as part of the RADAR campaign will continue to be developed throughout 2017.

**Donald Hunninghake, MD, Familial Hypercholesterolemia Abstract Award**

Created in honor of Donald Hunninghake, MD, the Foundation continues to offer the Hunninghake FH Abstract Award for the best Familial Hypercholesterolemia abstract presented at the NLA annual Scientific Sessions. The 2016 recipient was Laney Jones, PharmD, MPH, for her abstract, “Baseline Undertreatment of Adults with Newly Diagnosed Familial Hypercholesterolemia by Genomic Sequencing,” which she presented in New Orleans in 2016. With several years of funding left, the Foundation strives to improve patient outcomes by supporting FH research.

**Memorial Wall**

2015 saw the Foundation’s first presentation of the “Memorial Wall” posthumously honoring past leaders and pioneers in the field of lipidology, to recognize the tremendous contributions that have been made in areas relating to the causes, prevention, and treatment of cardiovascular disease and lipid disorders. The Foundation is committed to continuing the sponsorship of the memorial wall at the NLA annual Scientific Sessions. The following members of the lipid community were added to the memorial wall in 2016:

- Petar Alaupovic, PhD
- Dewitt S. Goodman, MD
- Richard Havell, MD
- William B. Kannel, MD, MPH
- Daniel Steinberg, MD, PhD

These pioneers will continue to be remembered for their outstanding contributions to lipidology. To visit the memorial wall online, visit [lipid.org/memorialwall](http://lipid.org/memorialwall).

**W. Virgil Brown Distinguished Achievement Award & Lectureship**

The W. Virgil Brown Distinguished Achievement Award, presented annually at the NLA Scientific Sessions, honors outstanding contributions in the diagnosis and treatment of lipid disorders. The 2017 award will be presented in Philadelphia to Robert
Eckel, MD. Dr. Eckel will give the inaugural lecture. We would like to specially thank the Dyslipidemia Foundation of Boston, for its donation in support of the award.

**Foundation Events**

The Foundation hosted three successful events in 2016, held in conjunction with the three NLA meetings: a murder mystery in San Diego, a night at the World War II museum in New Orleans, and a miniature golf outing in Amelia Island, Fla. A thank you needs to be shared with all attendees, individual donors, and corporate support that made the 2016 events possible. The 2016 Foundation events provided exciting opportunities for the attendees at the NLA meetings to meet, socialize, and enjoy spending time with their families and colleagues while supporting the efforts of the Foundation. We look forward to seeing you at the 2017 Foundation events.

**Akira Endo Award for Achievements in the Development of Treatments to Prevent Atherosclerosis**

The Foundation and the NLA presented Harry R. “Chip” Davis with the first Akira Endo Award for Achievements in the Development of Treatments to Prevent Atherosclerosis (“Endo Award”) at the 2015 International Symposium on Atherosclerosis (“ISA”). The Endo Award will continue to be presented at future ISA meetings, with the next award being presented in 2018 in Toronto, Canada.

The Foundation Board of Directors held a strategic planning meeting in January 2017 to plan the future goals of the organization. We are excited to share the new mission and core values of the Foundation at the 15th Anniversary NLA Scientific Sessions and Foundation gala in Philadelphia. To buy your tickets to the 15th Anniversary celebration, hosted by the Foundation, visit lipid.org/sessions.

For more information on the Foundation and its initiatives, visit learnyourlipids.com and lipidfoundation.org. As always, thank you for your support of the Foundation, and I look forward to building on this success in the coming year!

Anne C. Goldberg, MD, FNLA
President
Foundation of the National Lipid Association
The Foundation recognizes two contribution levels: Sustaining and Contributing. Sustaining donors make a gift of $1,000 or more throughout the course of the year. All other private donations are considered Contributing donors. Every donation is greatly appreciated and helps make the Foundation projects and outreach possible.

Thank you to our Sustaining Donors in 2016:
Karen E. Aspry, MD, MS, FNLA
J. Chris Bradberry, PharmD, FNLA
W. Virgil Brown, MD, FNLA
Marina Cuchel, MD, PhD
Linda C. Hemphill, MD, FNLA
Anne C. Goldberg, MD, FNLA
Penny Kris-Etherton, PhD, RD, FNLA
Gina Lundberg, MD
Carl E. Orringer, MD, FNLA
Paul D. Thompson, MD
Joseph L. Witztum, MD

Thank you to our Contributing Donors in 2016:
Khattar Aizooky, MD
Rodrigo Alonso, MD, PhD
Rolf L. Andersen, MD
Esmeraldo C. Arada, RN
Virginia L. Bailey, RN
Richard A. Banks, MD
Kim K. Bircher, PharmD, CLS, FNLA
Piers R. Blackett, MD, FNLA
Michael J. Bloch, MD, FNLA
Adolphus S. Bonar, MD
Lynne T. Braun, PhD, CNP, FNLA
Sanford A. Carimi, MD, FNLA
Nicole A. Cifone, MS, ANP-C
David J. Clardy, MD
Cornelius Toma, MD
Cranford L. Scott, MD
John R. Crouse, III, MD, FNLA
Ada Cuevas, MD
Steven M. Curland, MD
Susan M. Dimick, MD, MS
Dave L. Dixon, PharmD, FNLA
Michael S. Doyle, MD, MPH
Denise G. Durak, PsyD
Brian S. Edwards, MD, FNLA
Marc E. Elim in honor of Dr. and Mrs. James McKenney
Jeffrey S. Freeman, DO, FNLA
James M. Fretwell, MD
Susan K. Fujiu, PharmD, FNLA
Eugenia Gianos, MD, FNLA in honor of the Aliseo Family
Robert K. Gleeson, MD, FNLA
Robert S. Greenfield, MD, FNLA
Yehuda Handelsman, MD, FNLA
Stephen Henry, MD
Paul N. Hopkins, MD, MSPH, FNLA
Michael L. Isaacson, MD
Daniel K. Jass, MD, PhD
Peter H. Jones, MD, FNLA
Kenneth A. Kellick, MD, FNLA
Ralph La Forge, MSc, CLS, FNLA
John A. Larry, MD
Ann M. Liebeschkind, MD
Robert G. Matthews, MD
Jan L. McAlister, NP, CLS, FNLA
Mary P. McGowan, MD, FNLA
Scott H. Merryman, MD
Basant K. Mittal, MD
Malec A. Mokraoui, MD
Terrance J. Moran, MD
Priscilla M. Ndjangui, ARNP
David R. Neff, DO
Gregory J. Phillips, MD
Gregory S. Pokrywka, MD, FNLA
Santiago C. Ramirez, MD
David M. Reich, MD
James H. Reifschneider, MD
Eli M. Roth, MD, FNLA
Lawrence L. Rudel, PhD
Christopher Seymour, MBA
M. Eugene Sherman, MD
Arthur J. Silverstein, DO

Neil J. Stone, MD, FNLA
Michelle A. Taylor, ACNP, MSN
Matthew Teltser, MD, FNLA
Robert C. Touchon, MD
Elisa M. Vila, RPh
Mary Beth Wiles, MD
Kaye-Eileen Willard, MD, FNLA

Scan for Lipids
2016 was the sixth year the Foundation benefited from the NLA’s “Scan for Lipids” program at its scientific meetings. Participating exhibitors agreed to donate $1 for every attendee name badge scanned.

Thank you to our “Scan for Lipids” Donors in 2016:
Aegerion Pharmaceuticals, Inc.
Akcea Therapeutics, A Subsidiary of Ionis Pharmaceuticals, Inc.
Alexion Pharmaceuticals
Amarin Pharma Inc.
Amgen Inc.
Blueprint Genetics
Boston Heart Diagnostics
Carlson Laboratories
diaDexus, Inc.
The FH Foundation
Invitae
Kastle Therapeutics
Kowa Pharmaceuticals America, Inc.
LabCorp
Lipoprotein(a) Foundation
The Medicines Company
Medintelligence, LLC
MyGenetx, Inc.
Quantimetrix Corporation
Quest Diagnostics
Retrophin
Sanofi-Regeneron
